ACCIDENT AT ROXBURY.

The Central Vermont railroad was the victim Monday of another head on collision. The road had on Sunday over 600 freight cars to move over its system and many trains were run, including several double headers, which have been a rarity of late.

The accident occurred at Roxbury yard at about four o'clock this morning. Both trains were on a side track when they came together. The cause of the accident is not yet known. Both engines, which were among the best owned by the company, were badly demolished, about three feet of the boiler head of one being literally torn off. One of the firemen sprained an ankle badly in jumping. Five freight cars were derailed, as were three empty box cars and two cars loaded with pressed hay.

The 10:15 north bound train was delayed about an hour. The south bound noon train was thirty minutes late and the Montpelier and Wells River train did not wait for connections but left on schedule time.

THE WOMAN'S CHORUS.

At the meeting of the woman's chorus at the parish house on Saturday afternoon it was unanimously voted to name the organization "The Saturday Afternoon Club." Were it not for the high character and well-known ability of the instructor, Prof. A. Phillips, and of Miss Duggan, organist of the church, both of whom freely give their services, the instant success of this club would be remarkable. Nearly seventy ladies, including several from out of town, were present on Saturday, and Mr. Phillips is confident the average attendance will not fall below fifty-five.

The principal feature of the work last Saturday was the enthusiastic labor put in on the chorus, "Whisker, Blynkem and Nod," the piano duet by Miss Iluz and Mrs. Dr. K. Longfellow Clemons, and the solo work of Miss Tellie Crandall. The latter were cordially applauded. The only new song taken up on Saturday was one by Frederick Field, Hubbard.

This club affords a rare opportunity to ladies for labor and pleasure combined, and the fruits of the weekly gatherings are sure to appear later in a public concert and recital.

A flock of forty-six wild geese coming from the direction of Worcester, passed over the city on Monday afternoon, flying southward in a regular V formation.

A goodly number of the local lovers of the terpsichorean art are planning to take in the Thanksgiving ball to be given at "District No. 10" on Thursday evening and to make the trip in sleighs at that. "No. 10" events are proverbially most enjoyable.

Dr. F. D. Harter was called to Uxton, N. Y., on Friday night by the sudden death of his father. The news came as a shock to Dr. Harter, as he had received no previous notice of his father's illness and supposed him to be in his usual health.

Curtis Daniels of Warren, who was arrested on the charge of setting fire to the barn of James Pierce, was unable to furnish the \$500 bail required. He was brought here Saturday by Deputy Sheriff Heath and lodged in jail.

The "accommodation social" given by the Baptist Christian Endeavor society on Friday evening at the vestry was well attended and an enjoyable evening was passed. The Baptist society at Barre was unable to accept the invitation to attend because of a previous engagement.

Senator W. P. Billingham and Fred A. Howland were among the dinner speakers at the annual banquet given Friday evening by the Vincenia club at the City hotel, Barre. The banquet was a marked success. Covers were laid for nearly one hundred and every seat was occupied. Prior to the banquet a social hour was passed at the club rooms.

Abraham Gligh of New York, a sculptor, is in town to model a statue to be carved for Hon. B. F. Fildes' family lot in Green Mount cemetery by Harry J. Bertoll. The statue is to be in the form of an angel and carved from granite. It will be remembered that during a previous visit to this city Mr. Gligh modeled a granite bust of Admiral Dewey, which he presented to the Wood Art gallery.

J. E. Leland and Dr. Barr were the most tired men in the city when they returned from an all day bear hunt in Moretown on Saturday evening.

About eleven o'clock Saturday morning they found where Benja had slept Friday night and soon after struck his trail, but after trudging through open and forest all day they were obliged to come home without even getting a peep at their game.

Harry Wheeler, the veteran teamster, arrived in town on Friday afternoon, with a huge block of granite weighing about 20,000 pounds, which he drew with ten horses from the quarry of Paul Terrio & Son in

Sodom. The stone was delivered at the shed of the Blanchard Granite company on Barre street without accident but when taken from the wagon the derrick broke letting the block fall. The stone fell upon and crushed about \$200 worth of stock.

The social and whist party given by the New England Order of Protection on Friday evening was a success. Ten tables were filled with players while a good number enjoyed other games and popping corn, which furnished fun for the poppers as well as the eaters. First prizes in whist were given to G. W. Luce and Mrs. C. C. Roberts, second to Master William Green and Miss Glen Cushman. Mrs. S. R. Colby won the guessing contest, the prize being a handsome oxidized silver tray.

Moore, Company H, First Regiment of Infantry, Vermont National Guard, a board of inspection for the selection of a new adjutant and quartermaster for the Vermont National Guard. The board will be composed of the adjutant general of Vermont and representatives to the United States government. The board will meet at Montpelier December 2, at 2 p. m.

J. Paul Rivers saw a large buck deer at Montpelier Junction on Sunday. He says the buck was apparently about five years old and was larger than any that has yet been brought into the city. When Mr. Rivers and his friend first saw the buck it was lying down and no further away than four rods. As the men approached, the buck got up on its feet and stood waiting them for a few moments as though aware that there was a fine of \$100 attached to the shooting of it at this season, and then leisurely walked away.

Physical Director Parady has arranged the following schedule for the sessions of the Young Men's Christian Association gymnasium classes: Young men's class, 8:00 to 9:00 o'clock on Monday, Wednesday and Friday evenings; junior class, 4:00 to 5:00 Tuesday evenings and 10:00 to 11:30 Saturday mornings; high school girls' class, 4:00 to 5:30 o'clock on Friday at term's end. The first session of the young men's class was held on Monday evening and was attended by eighteen. The above schedule will be in force until after New Year's when it may be changed, as it is planned to form a special class for business men.

The quiet of River street in Barre was rudely disturbed on Sunday by a fracas at the home of Mrs. William Ewing, formerly of this city. Mr. Ewing went up there on Sunday and it is said he was roughly handled by one McNulty, his brother-in-law. Ewing was thrown through a window and badly cut by broken glass. When the police arrived he was lying on the ground bleeding profusely. Medical aid was summoned and Ewing was soldered up. No arrests were made.

The Church of the Messiah was filled to the doors Sunday evening when C. J. Ferguson, Esq., of Burlington, addressed a union service on "A layman's view of the temperance problem in Vermont." Mr. Ferguson held the close attention of the large audience for over an hour, as he forcibly and eloquently pleaded for a continuance of the present prohibitory law. Mr. Ferguson trod no beaten paths, his ideas and arguments were along new and original lines, and his plea for support for prosecuting officers was particularly forcible. Rev. W. J. Clones, Rev. L. F. Reed, and Rev. C. J. Adams assisted Rev. J. Edward Wright, the pastor, in the opening services.

The members of the purchasing committee of the city liquor agency were seen Tuesday by the Journal and asked what their position was on the suggested investigation of the transactions of their committee. While all laughed at the notion that such a thing was necessary or seriously contemplated, each member expressed entire willingness that the investigation should be made if the people really desired it. Alderman Wheelock said he hoped what he said in his interview on Monday relating to his having only one act to regret in his career as an alderman, that of protecting a supposed friend from scandal, would not be misconstrued so as to reflect upon any member of the city council past or present, as it is his belief that the other members of the purchasing committee, and in fact of the entire council, are honorable and upright in their transactions of the city's business and he does not believe their acts required any investigation.

WASHINGTON COUNTY COURT.

It was found impossible to conclude the trial of the case of Goslant against Lane in Washington county court this week, and on Friday afternoon court took a recess until Tuesday morning, Dec. 3, at 10:30, when the trial of this case will be resumed. The Supreme court judges will sit in chambers at the Pavilion on Monday evening and Tuesday of next week, and render decisions on Wednesday morning. This necessitated the presence of Judge Munson there, and a recess over Thanksgiving was desirable. From present appearances the September term of Washington county court will last well into January.

SWITCHMANS' STRIKE

Pittsburg, Nov. 26.—A strike of all the members of the Switchman's Union of North America is on in the Pittsburg district. Reports from the railroad yards are conflicting. One says everything is at a standstill while another asserts that a limited number of men are working. Trains are still moving on the Baltimore and Ohio. Increased wages are demanded by the strikers.

Pittsburg, Nov. 26.—Five hundred men are out but the strike has apparently not affected any of the railroads. Freight and passenger trains are running as usual. All the roads anticipating trouble, had secured new men. Delegations of switchmen to fill the places left vacant by the strikers are arriving from the east. Some delay is occasioned in some of the yards because of the men's unfamiliarity with the work but the railroads say the delay is not serious. All railroad officials are confident of winning the battle. Some of the strikers claim that they will be supported by the brotherhood of railroad trainmen. In the yards of the Baltimore and Ohio and Pennsylvania roads yardmen and conductors are doing most of the switching.

N OPEN LETTER.

Mr. R. Williams, West Corinth, Vt.
Dear Sir—I wish to inform you that I have a genuine cure for Rheumatism, which I have been advertising in this paper for some time, the genuineness of which is being proven by demonstrations of its qualities every day, you want to know why it is genuine, it is because it works systematically, beginning at the very foundation of the disease, it works its way step by step until it drives the Rheumatism from the whole system. That you may judge the merits of Smith's Celebrated Cure for Rheumatism I would respectfully invite you to write to Homer M. Martin, Union Village, Vt. W. E. Waterman, Post Mills, Vt., and Mrs. F. E. Peck, Polo, Ill., or many others whose address would be pleased to send you an application. Please give this thought. Barre, Vt., Nov. 13, 1901. A. G. Smith.

JOHN F. KIMBALL.

By order of the judges of the supreme court a writ of habeas corpus has been issued by Clerk Kimball to have the Sheriff of Orange county bring John F. Kimball, who is confined in jail at Chelsea, before the supreme court on Tuesday.

It will be remembered that Kimball was formerly from Randolph but later was lured by the lure of the patent medicine business in Boston. About a year ago, while visiting in Randolph, Kimball was arrested on the charge of having more wives than the statutes of the State recognized.

He was confined in jail at Chelsea and later convicted of adultery in Orange county court. Exceptions were taken by Kimball's counsel and the case was appealed to the last October term of Supreme court. His bail was fixed at \$3000 which he furnished and then resumed his patent medicine business in Boston. When his case was called at the October term of Supreme court, Kimball did not appear. His bail was forfeited, his exceptions treated as waived and the case remanded to the lower court for sentence.

It appears that Kimball was ignorant of the action of the supreme court and recently came to Randolph for a visit. He was immediately arrested and again lodged in the Chelsea jail. This writ is brought by R. M. Harvey of this city and Darling & Darling of Chelsea, the present attorneys for Kimball as the judges of the lower court refused to allow his release. The purpose of the writ is to test the validity of the warrant upon which Kimball was arrested and a motion will be made by his counsel to have the present entries on the docket stricken off and the case heard on the exceptions at the January term of Supreme court.

ODD FELLOWS ESCAPEMENT

The encampment district meeting of the fifth district of Odd Fellows will be held with the encampment of Northfield next Friday evening. The encampments of the district are located at Barre, East Barre, Randolph, Waterbury, Montpelier and Northfield.

The programme will begin at seven o'clock and will be as follows: Opening by Europa encampment of Northfield; address of welcome by John A. Cross of Northfield; response by M. M. Gordon of Barre; exemplification of Patriarchal degree by Europa encampment of Northfield; exemplification of Golden Rule degree by Excelsior encampment of Randolph; exemplification of Royal Purple degree by Impehaha encampment of Barre; Criticism by L. E. Mellen, Grand Patriarch.

A banquet will be served by the Rebekah lodge of Northfield at ten o'clock in the evening. All encampment members will be cordially welcomed.

AMUSEMENT CLUB DANCE.

About twenty-seven attended the dance given at the Pavilion by the Amusement Club on Monday evening. The affair was most successful and the dancers all declared that the music by Walter's orchestra, which was most enlivening, had a great deal to do with the enjoyment of the evening.

HAND TO HAND.

Manila, Nov. 26.—Second Lieut. Louis J. Van Schaick of the Fourth Infantry while scouting with a few men of that regiment met 150 insurgents who had attacked and sacked the hamlet of Siaraca near Cavite. Upon seeing the Filipinos Van Schaick ordered his men to charge them. The command was obeyed and Van Schaick being mounted reached the insurgents sixty yards in advance of his men. He killed three of them with his revolver. An insurgent fired his revolver point blank at Van Schaick at four paces but missed. Lieut. Van Schaick was then knocked from his horse. He jumped to his feet and engaged in a hand to hand conflict with the enemy using the butt of his revolver. He sustained two severe wounds one of which nearly severed his wrist. At this point the lieutenant's men arrived, rescued him and put the insurgents to flight.

Van Schaick is in the military hospital at Manila and is doing well. He had already been recommended for a medal of honor.

Gen. Hughes, commander of the department of the Visayas, reports that negotiations are about completed for the surrender of the insurgent leader Samson, on Boho island. This surrender will doubtless end the revolt against the American authority in Boho as Samson is acknowledged to be the chief insurgent leader there.
